Audio and video recording:

(available upon request, ask well in advance! Rates to be negotiated.)

Audio: Conservatory has ability to record a concert.

Video: We have one fitted camera in our hall. We can send straight videofeed and sound through internet with our systems (live concert with chat).

We can record the show to computer or straight to dvd with recordable DVD-player. The formats that we can provide are Mac's own iMovie or Final Cut Express 4 and DVD.

AV-equipment:

"Big hall"

Video projector: Optoma EP776

Brightness: 4300 Lumens

We are using 2 VGA inputs, so you can shoot the material from the FOH or from the stage.

Computer: HP Omnibook x4500 (memory 512Mb Pentium 4, 1.7Ghz)

Only for the use of office software (Word, Excel ja Powerpoint). For the shooting video or sound out you must ask for more powerful and stable machine.

Lighting "Big Hall":

In the hall we have three truss lines upon the stage, with motorlifters.

At the sides we have front light holding positions.

In our lighting equipment we have following:
